

# Cory Loxton-McMahon,

---

## Software Developer

### Hi, I'm Cory

---

And I am in pursuit of a position as a full-stack software developer in a company looking to make an impact; a company with keen focus on tailoring to their clients. My pursuance is not for a job, but a career: a company that can mold me into a great developer while encouraging the desire to learn new technologies and adapt in an ever-changing tech world.

My academic skillsets, listed in my resume, are supplemented with years of experience working in a team environment and together make me well suited to adapt quickly in any software development team in both web and mobile frameworks. I am often described as *approachable*, easing the process of adapting to a new team as well as working with clients when needed.

Thank you for taking the time to read about me, I truly appreciate your consideration and am eager to learn more about your company and its team.

Cory Loxton-McMahon

## STATIC VOID ( EDUCATION )

```
{  
    • Object Oriented Software Development Certificate GPA  
    • ( "Calgary Oct 2020" )  
    • // Southern Alberta Institute of Technology: GPA 4.0;  
    • Journeyman Electrician Certificate and Red Seal  
    • ( "Calgary Oct 2013" )  
    • // Southern Alberta Institute of Technology: GPA 4.0;  
    • Travel Experts ( "JDBC, C#, MVC Core, Java, JavaFX, MongoDB" )  
}
```

## STATIC VOID ( EXPERIENCE )

```
{  
    • Compass Compression ( "Calgary Dec 2014-May 2020" )  
    • Industrial Electrician  
    • // Read & interpret blueprints, select necessary job material according to  
    • specifications and code;  
    • // Pull wire and terminate wiring to various devices;  
    • Perform continuity, voltage, and amperage readings;  
    • // Troubleshoot simple and complex electrical circuits;  
    • Direct, coach, and mentor apprentices;  
    • Compass Compression ( "Calgary Dec 2014-May 2020" )  
    • Aerial Platform Instructor  
    • // Assess and certify new Aerial platform operators in practical use;  
    • // Instruct one-day course on operator qualifications, responsibilities, safe  
    • procedures and fall protection;  
}
```

## STATIC VOID ( DEVELOPER SKILLS )

```
{
    // Programming, Scripting, and Markup Languages = C#, HTML, CSS,
    // JavaScript, SQL, TSQL, Mongo, Python, Java, XM Data Structures and
    // Algorithms, Data Structures, Algorithms, Records, Objects ;

    // Source Control = Git and GitHub ;

    // Text Editors = Sublime Text, Visual Code ;

    // Integrated Development Environment = Visual Studio ;

    // Databases = store records, query, create, insert, update, delete ;

    // Testing = Unit Testing Classes/Methods ;
}
```

## STATIC VOID ( School Projects )

```
{
    Robofriends ( "GitHub, JavaScript, React, HTML, CSS" )
    // https://cloxton2003.github.io/robofriends/
    // Fetched API through Robot API and listed random robot characters on
    // placards. Through search bar, once can filter different names of robots.

    Travel Site ( "JavaScript, HTML, CSS, Bootstrap" )
    // https://cloxton2003.github.io/cprg210/
    // Mock backpacking travel website that uses smooth scrolling done with
    // JavaScript to pull a full screen image into view on mouse scroll.

    Travel Experts ( "JDBC, C#, MVC Core, Java, JavaFX, MongoDB" )
    // www.CoryCodesCode.com
    // Travel Experts is a theoretical company that required a database, database
    // GUI, and website compatible with multiple platforms. Initially built a
    // database using MongoDB and a frontend with JavaScript, Node.js, pug.
    // Then recreated everything using C# in MVC Core and a SQL database.
    // Lastly, it was recreated once more with Java, JavaFX and JSP.

    Asset Tracker ( "C#, MVC Core" )
    //https://github.com/cloxton2003/CPRG214_Assignment2_TrackingSystem
    // App designed with MVC Core that will store and display all assets in a
    // company. Linked to a SQL database to store accounts and assets. Utilizes
    // authentication and authorization enabling printing of reports and database
    // updates.
}
```
